# About Us

In an increasingly competitive marketplace, “fixing it right” is crucial to staying on the road and is just good business. For years, Hitachi has been universally recognized as a manufacturer for major automotive original equipment manufacturers worldwide, adhering to IATF 16949:2016 and ISO 9001:2015 industry standards.

Now, Hitachi is increasing its presence in the Aftermarket, enabling customers to choose our engine management, electric powertrain, drive control, and car information systems for their service, replacement or performance needs.

The company is based in Farmington Hills, Michigan. The Aftermarket sales division is located in Cypress, California, servicing customers across North America.
